www.uncteks.com.tr

Uncteks Tekstil which is established in Konya in 1999 has become a leading company in the manufacturing of special design textile products. Uncteks Tekstil which serves its customers abroad by working for export has started to offer special production products under the name of UncSpecial by targeting the domestic market since 2015.

The UncSpecial unit designs custom clothing and other textile products for clients such as elite schools, sports clubs, federations, brands and corporate companies. UncSpecial has become a pioneer in its sector with its customer-oriented service approach and fully meets the needs of its customers with special production products.

As a visionary company, Uncteks Tekstil adopts customer satisfaction and quality products as the most important values. Therefore, it manufactures its products by using high quality fabrics and materials in the production process. In this way, it offers high quality products to its customers. In addition, it also has become a pioneer in its sector with its innovative designs and sustainable production processes.
